

Nunavut Teachers' Association Standing and Special Committees 2023-2024ⁱ

Please find the list of NTA Committees for the 2023-24 school year. During the selection process, informed by [NTA Bylaw & Policy](#), Central Executive reviews individual expressions of interest (in which the Member outlines why they want to be involved, and why they're suited for the role) and strives to ensure committee composition is representative of the Membership. Committee work is inclusive and collaborative. It is a powerful means of member engagement that reflects and celebrates all communities and identities, as colleagues work together on shared priorities.
